EXPERIENCE

KPMG, LLP   Jan 2016 – Dec 2017
Market/Treasury Risk - Senior Associate, Los Angeles, CA
- Led treasury ops for clients including but not limited to:
    o Daily cash management operations from cash positioning to investing and borrowing decisions. Reporting
      responsibility included the preparation of weekly cash report to management that presented inflow, outflow, financing
      and intercompany transfers by bank accounts.
    o Coordination with the regionals on the execution of intercompany settlements based on intercompany loan structure
      and outstanding balances.
    o Managed user administration requests such as the creation of new user and entitlement to portal access.
    o Monitored 20+ foreign currency (non-USD) accounts to ensure sufficient funding for AP payments and other
      miscellaneous disbursements. Updated signature statements and prepared bank documents for opening of new
      accounts/online portal access.
    o Created analyses on key performance indicators, developed consolidated global investment/borrowing report, and
      supported in the consolidation and reporting of the company's three-month rolling forecast
- Developed Corporate Treasury policies for a law firm with global presence based in Chicago
- Advised clients with the design and implementation of FBO cash accounts pooling and optimization

The Goetzman Group   Mar 2015 – Dec 2015
Financial Consultant, Woodland Hills, CA
- Prepared monthly Capital/Fix Asset reporting packages for Senior Management
- Managed the maintenance of fixed assets such as capitalization, depreciation, and write-off of obsolete equipment

Sony Corporation of America   Jan 2013 – Mar 2015
Treasury Analyst, Culver City, CA
- Prepared the closing, pooling, investing and borrowing of Sony Global USD cash position
- Prepared and reconciled monthly global cash-flow consolidation for submission to Corporate; coordinated submissions
  across territories and business units, resolved issues and responded to upstream queries from Corporate Finance in Culver
  City at Los Angeles, and Global Business Support Center in Poland
- Performed cash forecast, actual to forecast variance analysis,
- Prepared and reconciled daily cash positioning and forecasting for Sony Pictures Entertainment and communicated the
  results to Sony Global Treasury Service in New York
- Execute FX trades on 360T and settle in SAP

PROJECT

- Developed and implemented a test prep software for a Nursing school using Java
